

Capital Project Critical Decision (CD) Packages

L&A is a powerful asset to have on your team when executing a Capital Project in accordance with DOE O 413.3B. L&A has highly experienced associates in the development of Critical Decision (CD) packages from project inception, through alternative analyses and design, construction, testing, startup and commissioning.

Capabilities

L&A associates have developed numerous CD packages across the DOE complex. L&A has experience on a wide variety of projects, ranging from \$10M to \$270M, including nuclear and non-nuclear projects, and both federal-led and M&O-led projects. We have a Capital Projects team that can provide a one-stop shop for all CD packages and project phases.

Either as a member of an M&O team or under contract to any M&O throughout the enterprise, L&A brings unequaled experience and expertise to the table and can provide the team of specialists you need to deliver on any capital asset project, start to finish.

Project Experience

L&A's experience includes:

Mission Need Statements Generated:

- Consolidated Emergency Operations Center (CEOC) at Forrestal Building
- Above Ground Storage Capabilities Project
- Additional Hoist Capacity at WIPP

Capital Asset Critical Decision (CD) Packages Developed:
