- Certified Project Manager-PMI
- Human Capital Management

### **DETAILED EXPERIENCE**

#### **Group Vice President for Project Delivery – Longenecker & Associates**

**July 2018-Present**

#### **Chief of Staff, Mission Execution – MSTs LLC Las Vegas, NV**

**December 2017-July 2018**

Responsible for assistance in managing daily operations of \$300M budget and execution of Incident Prevention & Response for emergency responders around the world; Stockpile Stewardship of Nuclear Weapons and testing of the nuclear stockpile; and Environmental Restoration and Waste Management operations for the DOE and DoD complex.

#### **Director/Deputy Director, Environmental & Waste Management – NSTec LLC Las Vegas, NV**

**July 2006-December 2017**

Responsible for managing daily operations of the Environmental & Waste Management directorate totaling 200 personnel and an annual operational budget of \$45-\$95M.

- Developed project baselines to include the Radioactive Waste Program, Environmental Restoration Program, TRU Waste Disposition Program, UGTA Drilling operations and RCRA Cell Construction. Built Work for Other Program into \$1M annual business for specialized waste disposal
- Managed Waste disposal operations both on-site and off-site from 33 qualified generators
- Managed turn key disposal operations for small DoD and DOE sites for unique waste streams

- Managed and implemented program for disposal of obsolete and excess classified weapons components (95% cost avoidance to the government)
- Managed the Radioactive Waste Acceptance Program (RWAP)
- Managed and implemented the ARRA program for D&D, waste disposal and UGTA drilling operations
- Managed EVMS Certification and Re-Certification for DOE Headquarters
- Developed Safety Improvement Plan which reduced total recordable incidents by 50%
- Managed all external stakeholder communications
- Managed Nuclear Start-Up Operations
- Maintained technical, regulatory, and administrative oversight of the organization's activities

**Project Integration Manager – Kaiser-Hill/Safe Sites of Colorado  
Golden, CO**

**April 2003-June 2006**

Responsibilities included controlling cost, scope and schedule for \$800M Nuclear Operations Project. Successfully developed and maintained integrated schedule and provided risk mitigation plans to maintain variance of <10% for the lifecycle of the project. Managed Nuclear Operations procedures and training, reporting to the Vice President for special projects.

**Project Controls Manager**

**March 1998-March 2003**

Managed all aspects of cost, scope and schedule for \$440M Project. Managed Master Task Order contract initiation and award. Developed strategic initiatives for accelerated site closure. Managed human resources, succession planning and project logistics.

**Training and Qualifications Manager**

**May 1990-February 1998**

Successfully implemented a Nuclear Operations Training Program for production facility. Initiative included strategizing, benchmarking and development of extensive training program for personnel to provide fundamentals for authorization basis and conduct of operations. Assisted in several Nuclear Start-Up Operations and Readiness Reviews.

**World Savings and Loan  
Boulder, CO**

**January 1987-April 1990**

Managed sixteen employees to meet financial goals, product sales and legal audits. Supervised human resources.

**EDUCATION**

Master of Science, Law, University of Denver, College of Law-Denver, Colorado

Bachelor of Science, Political Science and Criminology, Colorado State University-Ft. Collins, CO
