- High-Hazard Ops Support

A trusted partner focused on enabling critical missions for the nuclear security enterprise

NNSA • DOE • National Labs • Nuclear Power

Longenecker & Associates (L&A) leverages more than 30 years of experience throughout the nuclear security and environmental remediation enterprise to improve mission performance, deliver capital asset projects to schedule and budget, support all facets of high-hazard operations, implement effective governance approaches and develop targeted business strategies for both large and small businesses.

We support Contractors and the Government at all major U.S. nuclear sites including Hanford, Savannah River, Idaho, Oak Ridge, Sandia, Los Alamos, Lawrence Livermore, Lawrence Berkeley, WIPP, Pantex, Nevada, Portsmouth and Paducah as well as in the UK and Canada.

Our core values are a critical part of how we do business; be honest, be loyal, treat people with respect, listen to the customer, ensure no surprises, exceed expectations, proactively identify and manage conflicts, don't take risks with anyone's reputation and work as a team.

Our unparalleled roster of nearly 400 full and part-time personnel, the majority of whom have more than 25 years' experience, coupled with our past performance and market insight is a clear differentiator to any organization, team or project.

Longenecker & Associates: Experience. Integrity. Performance.
